Our truck accessories don't just belong in show-and-shines; they belong on the interstates and back roads of North America.

Accessories that improve the look and driving experience of a customized truck. From the front of the truck with fender guards, bug deflectors, license plate holders, to the cab and windows with kick panels, door window shades, to the rear of the truck with frame fillers, rear window guards and light boxes - all of our offerings visually enhance the truck, while also improving the overall experience for the driver.

High-quality stainless steel accessories provide more benefits than just improved appearance as these accessories are functional and protective improvements as well.

Panelite products are made with the highest quality materials through an IATF 16949/ISO 14001 certified, state of the art manufacturing processes and therefore carry the most robust warranty in the industry.
